The Gemstone 3217-ES is Gemstone's largest single bowl residential kitchen sink. The 3217-ES is the newest of the ES series of Gemstone sinks. With a sleeker contemporary look, tighter radii, and a drain towards the back, this

sink can be coupled with other sinks in the ES line to make multiple sink combinations. The large 3217-ES is large enough to fit pans and cookie sheets of all sizes, or to replace many existing double bowl sink models in the market place. Gemstone sinks make great kitchen, utility, or laboratory sinks as solid surface has very good chemical resistance properties.

Gemstone Sinks are compatible and warranted when used with all major solid surface sheet brands with the same sheet warranties.

Gemstone supports conservation and green building practices. Gemstone Packages all products in 100% recyclable packaging using boxes made primarily of recycled paper.

Gemstone sinks are proudly made in the USA and certified by:

Home Innovation Lab (NAHB); HUD UM Bulletin No. 73a & (B45.5/IAPMO Z124 Z124.6)

UL in the US and Canada: HUD UM Bulletin No. 73a & (B45.5/IAPMO Z124 Z124.6)
